To reduce touch points and offer a seamless experience, the Greater Tacoma Convention Center parking lots allow guests to pay for parking through the Flowbird app. Guests can set up an account at [flowbirdapp.com](http://flowbirdapp.com) or download the app to their mobile device in advance.

Convention Center parking pay stations have also been updated to a pay-by-license plate system. The pay stations are easy to use and will be familiar to those who park in Tacoma's downtown core.
